

The Leading Men of MGM

Gable, Tracy, Stewart, Old Blue Eyes, and the King were Hollywood gods; men wanted to be them, women just plain wanted them. As celluloid royalty and soldiers in Louis B. Mayers box office army, the men of The Leading Men of MGM captured the hearts and imaginations of the movie-going public during a thirty-year stretch encompassing three wars and the ultimate downfall of a studio empire. While their roles onscreen are some of the most memorable ever captured, they often pale in comparison to the lives these men lived behind the scenes. The Leading Men of MGM exposes these legendary figures in all of their salacious glory from Clark Gables clandestine homosexual encounters in bistro bathrooms to Elviss pill-popping, and Sinatra and Lawfords icy post-Kennedy jousts. Also profiling such stars as Ramon Novarro, Billy Haines, and Van Johnson, the collection offers complete filmographies and insightful looks at the nature of stardom during an era when the phenomenon was being minted. Offering a warts-and-all look at fifteen-plus legendary tinsel town stars, in addition to exploring their successes as genuine Hollywood talent, author Jane Ellen Wayne has written a must-have volume for film buffs of all stripes.
