

# The Sowing and the Dawning: Termination, Dedication, and Transformation in the Archaeological and Ethnographic Record of Mesoamerica

This collection combines archaeology and ethnography to explore the Mesoamerican archaeological record. Contributors focus on the little-understood material phenomena of ritual deposits, dedicatory or votive offerings, caches, and termination events. Drawing on contemporary Maya ethnography, the authors argue that a few deep structural principles unify the Mesoamerican world view, both present and past, and apply these concepts to the deposition of dedicatory and termination offerings in the archaeological record. In addition to the volume editor, contributors include Evon Z. Vogt, Brian Stross, R. Jon McGee, John Monaghan, David M. Pendergast, Sandra Noble Bardsley, Debra Selsor Walker, Thomas H. Guderjan, James F. Garber, W. David Driver, Lauren A. Sullivan, David M. Glassman, David A. Freidel, Charles K. Suhler, and Rafael Cobos Palma, Saburo Sugiyama, Marilyn Masson, Heather Orr, and Leonardo Lpez Lujn.
