

## Glenda Kemp: Snake Dancer

Glenda Kemp, a renowned stripper and snake dancer in South Africa came from a quiet Afrikaans family in Bloemfontein. She turned her world upside down in the conservative seventies when she began stripping with Oupa, her pet python. Authorities, including the church, did their best to stop her without success.. until the Lord stepped into her life. This is an amazing, miracle story of Gods grace. There are two sides to this story of my life, in the same way as there are two sides to a coin. I flipped the coin of my life over at the age of 15. I dropped it at the age of 21. I retrieved it when I was 47 and called out heads. So the first side of the story is one of shame and doom, telling of the time in my life when I lived in apparent freedom from obedience to the law, with the truth whispering all the time in the background slaves to sin. What a side to the coin! and what was the result? You are now ashamed of the things you used to do, things that end in eternal doom (Romans 6:20-21). The reason the world sat up and took notice was not because of what the Word said but because of a scandalous young woman who removed all her clothes and draped herself with a snake. Then the flip side toppled that life of headlines, fame and comfort and zoomed me in to all the excitement and challenges that mature you into the person whom God intended you to be. But that is not where I am going to begin. Although I am now a new person in Jesus Christ, I will look back and start at the beginning. One big difference though, is that this time I have put my hand in the hand of the Man who stilled the waters.
