

Among the Hill-Folk of Algeria: Journeys Among the Shawia of the Aures Mountains (Classic Reprint)

Excerpt from Among the Hill-Folk of Algeria: Journeys Among the Shawia of the Aures Mountains To the reader of guide books, of railway time-tables, and of the advertisements of tourist agencies it may appear almost absurd that a traveller should pretend to have anything new to say about a range of wild and barren hills whose western spurs are visible to the naked eye of the visitor to one of the most popular tourist resort of the whole world; Biskra, the oasis on the fringe of the Algerian Sahara, whose hotels are thronged each winter by hosts of seekers after sunshine and a dry climate. It may indeed seem incredible to these visitors, as they wander around Biskras crowded market, or lounge in the beautiful garden of the Chateau Landon, that less than one hundred miles away, amid and beyond the ranges of barren rocks, whose glorious coloration at sunset fills them with wonder and almost with awe as they gaze to the north-east from the oasis, there are to be found to this day many villages in which a European woman has never been seen, and a white race of natives very many of whose arts and crafts, customs and beliefs have never been described in print.
