

# Turning on Learning: Five Approaches for Multicultural Teaching Plans, 2nd Edition

This is a very applied companion text to Making Choices for Multicultural Education by Sleeter & Grant. It is based on the five major approaches to multicultural education; especially on the Social Reconstructionist approach advocated in Making Choices for Multicultural Education. This text educates readers on how to take existing lesson plans and re-work them to become multicultural. A discussion explaining why the changes were made follows each lesson plan.
