

Valium Daze

Its a raw account of living down and dirty on the streets of Bangkok. Will the author kick his house wife habit - 5 miligrams of Valium? Its his right of passage and voyage into Asias Heart of Darkness as the author bums and beats his way around Bangkok and Cambodia. It has it all the ingredients of Sodom and Gomorra - girly bars, mercenaries, hacks, con men, drugs, sex and the many seedy expat characters that are drawn to Bangkok for its looseness. I was on a bender back then. Codeine, valium, and other stronger downers. A haircut turned into a fuck on mattress out the back. She was Vietnamese and this was another form of prostitution. Characters were conjured up and voices spoke to me. Im not even sure if Brian was real. Was I living out his fantasy? Id look in the mirror and see his reflection. One thing I do know about Brian, he was a straight shooter. Valium does weird shit to you. Im still enveloped in its haze.
