

Tech Tools for Improving Student Literacy (Eye on Education)

Technology isn't just fun to use in the classroom, it can also make real improvements in students' literacy development. In this book, authors Hilarie Davis and Bradford Davey show you how and why to use tech tools to help enhance the teaching of reading, writing, speaking, listening, and viewing. These tools can be used in English/Language Arts and across the subject areas to promote literacy throughout your school. Special Features: Practical classroom examples from a variety of content areas; Connections to specific Common Core State Standards; Using the Technology boxes with step-by-step guidance on using a tool; Screenshots that show how the tools work; Strategies to help you use the tools effectively with students.
