

Collaborating with Parents for Early School Success: The Guilford Practical Intervention in the Schools (The Guilford Practical Intervention in the Schools Series)

The Achieving-Behaving-Caring (ABC) Program is an evidence-based approach to addressing the needs of elementary students at risk for emotional and behavioral difficulties and promoting successful home-school collaboration. This practical guide demonstrates how classroom teachers and parents can work together to boost individual children's strengths, reduce problems that interfere with learning, and provide classwide social skills training. The use of trained parent liaisons is a special feature of the program. Detailed, step-by-step instructions for implementing ABC are accompanied by many useful case illustrations and tips. The book includes more than two dozen reproducible handouts and forms, in a convenient large-size format with lay-flat binding. This book is in The Guilford Practical Intervention in the Schools Series.
