

# National Higher Education Reforms in a European Context: Comparative Reflections on Poland and Norway (Higher Education Research and Policy)

This book addresses the following research questions: What are the main transformations in European higher education? How do these transformations affect the national higher education systems of Norway and Poland? How do European-level higher education policy processes affect national higher education policies in Norway and Poland, especially in the areas of funding and governance? Europe and the two countries are the units of analysis, with different authors choosing different research foci and different disciplinary approaches.
