

# From Me to We: Transforming Ourselves to Greater Awareness

From Me to We: Transforming Ourselves to Greater Awareness is entirely focused on 21st century needs and desires. It presents readers with real life examples provided by prominent business and academic leaders. Highly appealing, yet easily applicable, solutions to problems everyone regularly struggles with are included. Each chapter is based on a dialogue session for workforce members with topics relating to: \* increased meaning on Monday morning \* greater social responsibility \* the value of character at work \* self-reflection and self-knowledge \* meditation for busy business people \* the notion of spiritual intelligence \* the importance of finding purpose in life From Me to We touches on multiple aspects of personal and professional lives, and is written in a way that you do not have to finish the book in one sitting. Once read, this book will serve as a lasting guiding source and assessment document for those who need recurring encouragement to remain focused on the constructive things of work-life. Working people, management students, and participants to executive workshops will tremendously benefit from this book.
