

Shave Slowly

In my Lovely Beast series of novels soon to be released, my fictional Taylor Thorn character's traits were influenced by my years as an adult entertainer. They also lay deep within the dark shadows of my upbringing when I learned how to not only survive, but thrive in the demanding and competitive world we all live in. In *Shave Slowly*, I am the main character, so settle back as I give you a rare uncensored glimpse into the mysterious world that I came to dominate as a successful stripper in the Midwest. It took some time, but I began to understand that it wasn't really about the sex. Yes, bills changed hands, skin was displayed and touched, but the actual commodity valued and exchanged at the rate of hundreds of dollars per hour, may surprise you. Yes, other strippers can read this memoir and learn how to keep their tip purses full, but anyone involved in any relationship can benefit from learning the secret to making it a win-win for both parties. It's all about the human heart. All you need is love.
