

Yesterday Came Suddenly

The whole story of the Beatles - John, Paul, George, and Ringo - from their earliest days as scruffy Liverpool lads through the excitement and hysteria of Beatlemania and on to their breakup and its aftermath. The author has conducted over sixty interviews with people who knew the Beatles intimately at critical stages of their lives and careers. Many have never been interviewed before. Yesterday Came Suddenly was originally published in 1985 by the Arbor House Publishing Company. The book has been out of print since 1990. Its release on Kindle is the original text as published in 1985.
