

Head-Smart/Heart-Dumb Girl®: Part 2: A Six-Week Journey from Mirages to Miracles

What would you do if a small voice inside you told you to quit your job, pack your bags and literally follow your passion wherever it leads? Would a smile immediately spread across your face, only to be just as quickly replaced with a sinister glare? Would you then start to beat yourself up for even entertaining such a crazy idea and, off the top of your head, begin listing 101 reasons why you could never do what that ridiculous small voice of yours is suggesting? Or would you go? Stephanie Rochelle Redd heard her small voices call to a more passion-filled life, and after listing the 101st reason why she could never detour from the safe route she was on, she eventually did. Upon writing and self-publishing her first book, Stephanie embarked on an ambitious one-woman, six-week book tour across the United States. However, what she thought was the real objective of the tour turned out to be only bait for a mission with a far more miraculous meaning.
