

Math Games Galore: Number Sense and Place Value, Gr. 1

10 Matching Games That Reinforce Basic Math Skills. Quick to prepare and easy to learn, the games in Math Games Galore! make learning new math skills fun. Like the classic memory game, the objective is to find the most pairs of matching cards using visual recall. Every game plays by an identical set of rules and directions, so once students learn how to play one game, they have learned how to play all 10 games. Also included in this resource: Reproducible activity pages that reinforce and extend the concepts introduced in each game, an answer key for each game to facilitate independent use by students, tips for trouble-free game play and additional ways to use game pieces Begin using Math Games Galore! Algebra and Geometry today! The standards-based games and activities in this resource have been designed to allow you to differentiate for the varying ability levels of your students and may be used to supplement, enhance, and enrich any math program.. Full-color, ready-to-use card stock game pieces included!
