

Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas)

A newer version of this casebook has been published by NCTM (2016): <http://www.nctm.org/Store/Products/Number-and-Operations,-Part-1--Building-A-System-of-Tens-Casebook/> What are the big ideas in elementary school mathematics? How do students understand them? How can teachers best offer help and support as their students grapple with these ideas? These and other questions about the practice of teaching K-8 mathematics are the focus of Developing Mathematical Ideas (DMI), a powerful, engaging professional development curriculum for current and future teachers. At the heart of a DMI seminar is the casebook, sets of classroom episodes (cases) illustrating student thinking as described by their teachers. In addition to case discussions, the curriculum offers teachers opportunities: to explore mathematics in lessons led by facilitators; to share and discuss the work of their own students; to view and discuss DVD clips of mathematics classrooms; to write their own classroom cases; and to read overviews of related research.

About Developing Mathematical Ideas (DMI) Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas) by Deborah Schifter (2015-03-02) Building a System of Tens

Casebook : Deborah Schifter Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas) Paperback. Deborah Schifter. 13 offers **Building A System Of Tens Casebook: Calculating With Whole** Read Building a Systems of Tens: Calculating With Whole Numbers and Decimals, Casebook (Developing Mathematical Ideas: Numbers and Operations) book **Buy Building a Systems of Tens: Calculating With Whole Numbers** Calculating with Whole Numbers and Decimals teaching K-8 mathematics are the focus of Developing Mathematical Ideas (DMI), a powerful, **Building a System of Tens Casebook: Calculating with Whole** Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals Developing Mathematical Ideas: : Deborah Schifter, Virginia **Number and Operations, Part 1: Building A System of Tens** Developing Mathematical Ideas Building a System of Tens. Calculating with Whole Numbers and Decimals. Session 2: Seminar Read. Casebook, chapter 2 **Developing Mathematical Ideas** Building a System of Tens Casebook: Calculating with Whole Numbers and Reasoning Algebraically About Operations (Developing Mathematical Ideas) **Building a System of Tens Casebook: Calculating with Whole** Building a System of Tens Casebook: Calculating with Whole Numbers and with Whole Numbers and Decimals (Developing Mathematical Ideas) Paperback. **Number and Operations, Part 3: Reasoning Algebraically about** Developing Mathematical Ideas. Participant Casebook is filled with classroom episodes that describe students mathematical thinking. Participants examine the **Building a System of Tens Casebook - CreateSpace** Buy a cheap copy of Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas) by Susan Jo **Building a System of Tens Casebook: Calculating with Whole** Developing Mathematical Ideas (DMI) is a professional development Building a System of Tens: Calculating with Whole Numbers and Decimals how basic concepts of whole numbers reappear when working with decimals. Each seminar is built around a casebook containing 25 to 30 cases, grouped **Building a System of Tens Facilitators Guide (Developing** Building a System of Tens Casebook: Calculating with Whole Numbers and with Whole Numbers and Decimals (Developing Mathematical Ideas) Paperback. **Making Meaning for Operations: In the Domain of Whole Numbers** - Buy Building a System of Tens Casebook: Calculating With Whole Numbers and Decimals (Developing Mathematical Ideas) book online at best **Building a System of Tens Casebook: Calculating with Whole** Building a System of Tens Casebook : Calculating With Whole Numbers and Decimals. Paperback Developing Mathematical Ideas English. By (author) **Developing Mathematical Ideas (DMI) Mathematical Practice Institute** Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas) price: \$99.99 compare with: The **Building a System of Tens Casebook: Calculating with Whole** Shop Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas). Everyday low prices and free **Making Meaning for Operations Facilitators Guide (Developing** Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas) by Schifter Deborah Bastable Virginia **Building a System of Tens Casebook: Calculating with Whole** Mathematics Specialist Initiative (VMSI), lead to the development of a program . This introductory course addresses fundamental mathematical ideas .. 1: Building a system of tens, Calculating with whole numbers and decimals. Casebook. **Building a System of Tens Casebook: Calculating with Whole** Building A System Of Tens Casebook: Calculating With Whole. Numbers And Decimals (Developing Mathematical Ideas) By Deborah. SchifterVirginia Bastable **Developing Mathematical Ideas: Building a System of Tens** - eBay Find great deals for Developing Mathematical Ideas: Building a System of Tens Casebook : Calculating with Whole Numbers and Decimals by Susan Russell, Reasoning Algebraically About Operations (Developing Mathematical Ideas) Building a System of Tens Casebook: Calculating with Whole Numbers and **Building a System of Tens: Casebook (Developing Mathematical** Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas) [Deborah Schifter, Virginia Bastable, **Buy Building a System of Tens Casebook: Calculating With Whole The Reading Strategies Book** - Building a System of Tens, the first module in the seven-part Developing Mathematical Ideas Series, consists of a casebook (sold separately) and this online and examine how basic concepts of whole numbers reappear when working with decimals. The Math Forum Calculation Nation Illuminations Figure This! **Building a System of Tens Casebook: Calculating with Whole** Building a System of Tens Casebook: Calculating with Whole Numbers and Decimals (Developing Mathematical Ideas) price: \$99.99 compare with: Reasoning **Developing Mathematical Ideas - National Council of Teachers of** Building a System of Tens Casebook: Calculating with Whole Numbers and of teaching K-8 mathematics are the focus of Developing Mathematical Ideas **Developing Mathematical Ideas Institutes - Math Leadership Programs** Developing Mathematical Ideas (DMI) is a professional development Building a System of Tens: Calculation with Whole Numbers and Decimals how basic concepts of whole numbers reappear when

working with decimals. Each seminar is built around a casebook containing 25 to 30 cases, grouped **Virginia Mathematics Specialist Initiative: Preparing Mathematics** Building a System of Tens Casebook: Calculating with Whole Numbers and Reasoning Algebraically About Operations (Developing Mathematical Ideas).
