

When Homeschooling Gets Tough: Practical Advice to Stay on Course

Diana Johnson has more than twenty years of experience as a homeschool parent and nearly fifteen years of experience managing the homeschool department at a Christian bookstore. *When Homeschooling Gets Tough* is largely based on her direct interaction with a broad range of customers who were in need of support. Many homeschoolers struggle with feelings of inadequacy and failure when their homeschool situation is not picture-perfect. In this timely book, Diana offers challenged homeschooling parents practical advice mixed with spiritual insight about (1) controlling the curriculum quest, (2) defining basic educational objectives for different age groups, (3) streamlining commitments, and (4) developing realistic goals and schedules. Homeschooling can be tough at times, but here's a book to help make it easier.
