

# Naturalizing Digital Immigrants: The Power of Collegial Coaching for Technology Integration

Effective educational leadership entails continuously seeking and implementing innovative professional development opportunities for teachers and support staff. In today's age of rapid technology expansion within educational settings, professional development targeting technology integration remains an area of tremendous need. This guidebook details the process of collegial coaching for technology integration within educational environments and is intended for use within a variety of settings, from primary classrooms through high schools to graduate educational leadership and instructional technology courses and beyond.
