

A Practical Guide to Early Childhood Curriculum

This popular text stresses the importance of a child-centered curriculum that encompasses the child's physical, social, emotional, creative, and cognitive development. Designed for future and current teachers and others involved with young children, it contains meaningful teaching ideas to meet the needs, interests, and developmental levels of children from three to eight years of age. This text contains lesson plans, activities, recipes, and lists of resources and organizations to help readers with planning and implementing a fully integrated, developmentally appropriate early childhood curriculum.
