

Help Your Child with a Foreign Language (Positive Parenting)

Written for parents, including those who do not have language skills, this guide examines when it is the right time to start teaching a child a foreign language, how to begin and how to progress to total fluency. The information is supported by visuals to make the information as easy as possible. Other features include - parents and children learning together, overcoming common problems, holidays and pen-pals as language opportunities, linking home and school and building confidence.
