

China Social Work Research (Chinese Edition)

The authors of this book are scholars and experts that have been engaged in teaching, research and practice of social work for a long time. They go deep into practice to survey and sum up the experience of social work, and make profound research and discussion on practical issues including integration and intervention model for the needy group and teen community and the relationship between government and the third department. The book is both academy-oriented and practice-oriented. Papers in it not only represent the top level of Chinas social work research, but also embody the practical concern of social workers. In addition, it is of heavyweight significance to promote the development of Chinas welfare work, to build theoretical system of Chinese social work and to increase the professional level and effect of social work.
