

## Calendar of Customs, Superstitions, Weather-Lore, Popular Sayings, and Important Events Connected With the County of Somerset (Classic Reprint)

Excerpt from Calendar of Customs, Superstitions, Weather-Lore, Popular Sayings, and Important Events Connected With the County of Somerset All kinds of books are offered to the public. But this one - A Calendar of Somerset - is something unique. Probably, there is not another similar publication in the country; if so it does not come prominently before the public gaze, nor figure in the second-hand book lists. This volume is also unique, because, while it will appeal strongly to all natives of The Land of Summer, it should claim the attention of students of history, folk lore, and old customs wherever they may be found. What does the book contain? A disjointed history of Somerset, a description of the social life of the natives in the days which have passed, the superstitions which often ruled the lives of the people, the old customs, many of them full of colour such as produced fit subjects for the painters brush and the poets song. Would you know of Somersets great men, the establishers of Christianity in this island, the King who drove the Danish hordes from our shores, and who founded the British Navy, heroes on sea and on land, brilliant men of the Church, and the law, men who rose from obscurity to fame, navigators, poets, inventors and all these men natives of Somerset? Would you, Somerset folk, read of the times when the Royalists and Parliamentarians warred within your county? Would the student of old customs desire to know how the wold ancient native of that land, full of legend and lore, foretold the future or fared under the spell of pixies and the possessor of the evil eye?
