

Asgard Tales and Gods: The Our Northern Traditions Forming a Complete Ancestors of Norse Mythology, Adapted from the Work Op, Dr. W. Wagner (Classic Reprint)

English account of the -religious beliefs and superstitious customs of the old Norsemen, suited to our younger readers, has hitherto been left unwritten. The editor feels sure that our elder children can easily be brought to take a beneficial interest in a subject of such great intrinsic worth to all of us, and has therefore brought out the accompanying book. Our old ancestors were a hardy, conservative race, and tenaciously held by the treasured relics of their former beliefs and customs long after they had been shattered by the onset of Christianity. They retained their primitive Odinic belief as late as a.d. 800, and we therefore possess it in a very complete state, far more so than any other European system of mythology. (Typographical errors above are due to OCR software and dont occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org
