

Trees in Nature, Myth and Art, Vol. 1 (Classic Reprint)

National Home Reading Union Magazine, in connection with which I had to consider the literature of the subject in order to recommend books for reading and reference. It seemed to me that there was room for an unpretentious book that would bring together many things definitely related to each other, yet hitherto, for the most part, treated separately. The publishers of this book agreed with me, and so it appears. It purports to be nothing more than introductory; but by quotation and reference it draws attention to some of the works that deal more thoroughly with the various matters discussed in it. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org
