

## The Milk Song

The ideal about this Childrens book The Milk song is based upon an actual Nursery Rhyme song sung to me day after day by my father. Never have it been released nor have I ever heard it sung by anyone outside of my immediate family. This song is over 50 years old and as our Dad is now in his late seventies, its time that it is shared with the rest of the world, so kids of all ages can enjoy this catchy song for even more decades to come
