

# First They Killed My Father Teachers Manual

The teachers version of Talent Development Secondarys Discussion Guide to Loung Ungs memoir of her experience as a child under the reign of terror of the Khmer Rouge in Cambodia, this manual begins with a summary of the book, author bio, and tips for teacher preparation and background-building preparation activities. Each section includes selected vocabulary words, highlights important literary devices and features, provides discussion questions and answers, and suggests literature-related writing and extension activities. Glossaries, sample sentences using vocabulary words, and whole-class discussion pointers are also provided. A special reproducible assessment section at the back of the manual includes a review, a literature content evaluation, and a vocabulary test for each section of the book. Wide margins for personal notes make it practical and user-friendly. This curriculum, developed at Johns Hopkins University, is used in schools across the country.
