

Under My Skin: My Father, Frank Sinatra -- Franks Hidden Child Unravels the Mystery of Her Identity

As seen on Inside Edition . . . Did you know that Frank Sinatra had an unknown daughter? A girl whose true identity was hidden for over 50 years? Under My Skin is the compelling story of that girl, Julie Sinatra, in her own words. It reveals a womans search for identity, the unraveling of a Hollywood mystery, and the flowering of a daughters love. The Daily Mail (London) says: With her large aqua-coloured eyes, theres no denying Frank Sinatras alleged lovechild bears a striking resemblance to him. But Julie Sinatra didnt find out that Ol Blue Eyes was her father until she was well into middle age.
