

International Settlement(the 2nd edition)/textbook of international trade major of vocational education (Chinese Edition)

This book introduces some basic service knowledge and operating procedures of foreign exchange settlement between banks in different countries. Main contents include: bills, remittance, collection, and credit of the international settlement; the business processes of letters of credit; notes and documents under the credit; bank guarantees and factoring business; non-trade settlement. This book also provides some analysis and answers of some questions which may arise in international settlement.
