

Christmas in Ritual and Tradition (Forgotten Books)

This is a study of the origin of modern Christmas in ancient pagan traditions, how the festival was adopted by Christianity, and its evolution through history. Miles includes descriptions of folk-lore related to the Christmas season from a wide range of European countries, including an extensive collection of folk songs. It is important to learn about these traditions to remind ourselves that before Christmas became a hyper-commercialized festival of consumption, it was a joyous celebration of renewal and friendship. (Quote from sacred-texts.com) About the Author John Henry Haaren (1855 - 1916) was an American historian.
