

Hotchkiss: A Chronicle of an American School

How has the Hotchkiss School managed to accommodate a hundred years of unprecedented change? a century during which horse-and-buggy trails have become less familiar than the fiery trails of space-bound vehicles, and Victorian propriety has yielded to unabashed self-expression? The short answer? carefully; certainly not without considerable tension and the constant need to mediate between the forces of tradition and innovation. Oh yes, also by following the golden rule: do not disturb the cherished memories of alumni? and, more recently, of alumnae as well.
