

Standards Based Grammar: Grades 7-8: Student Edition

Standards Based Grammar is a daily grammar program that systematically teaches your students every grammar skill required at the third through eighth grade levels. The purpose of Standards Based Grammar is to give the students the spoken and written rules of the English language in an easy, step-by-step program. It seeks to teach, assess, and add to prior knowledge. Standards Based Grammar doesn't just ask students to identify grammar errors. They learn grammar rules and apply them immediately into their writing. Furthermore, it provides the teacher the exact knowledge of the strengths and weaknesses of each student and allows the teacher to communicate that information to the parents. Standards Based Grammar shows your students how to become grammar experts. Not only will they be able to understand each grammar rule, they will be able to articulate the logic behind each rule. Best of all, it's easy to teach and simple to administrate. For more information go to CreateBetteWriters.com
