

Missionary Story Sketches: Folk-Lore From Africa (Classic Reprint)

Excerpt from Missionary Story Sketches: Folk-Lore From Africa These story sketches, folk-lore, and incidents reveal something of the African as he is by nature in his native habitat, and what influence the Missionary is exerting upon him in his moral and spiritual awakening. This collection has been made possible only by long and intimate touch with Africa and personal contact with native life and thought through missionary labor among them. Several of these stories first appeared in the Christian Advocate. It is the hope of the Author that the circulation of this volume, which we modestly offer to the public, may help the cause of Missions in general, and stimulate a deeper and wider interest in the field here considered.
