Backpack Bios: Why Choose a Backpack Bio? Backpack Bios are brief but intimate 30-minute portraits of some of the most fascinating people of Our Time and Times Gone By. Take a bus ride, a lunch break, or a warm bath, and get to know a Legend like you never thought you could... Backpack Bios: Give us 30 minutes and we'll give you a Lifetime Whitney Houston: Tragic Diva The Epic Life and Shocking Death of Whitney Houston Whitney Houston was a Miracle. A Legendary performer known as The Voice, her astonishing talent was undeniable and her music moved millions. But she also battled personal demons, toxic dependencies, and crippling self-destructive behaviors. Her startling beauty, indisputable charisma, and divinely-gifted voice made her meteoric rise to superstardom virtually inevitable. But her erratic behavior, tumultuous relationships, and crushing addictions made her premature and tragic end almost equally irrevocable. Just who was this tragic diva, truly? And how, like so many other legends before her, did we lose her so very young? In this intimate and insightful book, Music Industry insider David Cline tries to discover how... Authors Note from the Book: Where does one possibly begin in telling the epic story of an iconic performer the likes of Whitney Houston? How does one approach a life as triumphant and tragic as hers, and make it Human? How can one speak for a superstar known as The Voice, when that Voice has been so sadly and prematurely silenced? These were the formidable questions we faced as we sat down to compose a brief but intimate portrait of a Legend. The answer to all of them however, became evident very, very quickly: Through her Music. As we organized the research, assembled the elements, and prepared to outline our approach, we were struck by a profound

revelation: Whitney Houston had lived her life through her Music, so how could one ever begin to tell her astounding story, unless they started with her Music? As we examined her history through the prism of that Music, it immediately became amazingly clear that every phase of her remarkable life could be viewed through the telling titles of some of her greatest songs. Whitney moved us because she sang from Life--is it any wonder then, that in the words she sang, lay the touchstones to examining that Life? They are her songs. It is her music. It is her story. It is our hope that through our telling of it, you will feel closer to the woman and the wonder that was Whitney Houston.
