

Poison and Poisoners

Poison appears to have been employed as a political agent from an early period of history, and many stories have been handed down of royal personages who used this secret and deadly method of ridding themselves of troublesome individuals and removing enemies from their path. In the same way, they themselves sometimes become the victims of jealous rivals. The greatest craft and cunning were exerted in order to introduce poison into the human body, and there are many stories concerning the curious and subtle methods said to have been employed.
