

## WISE, PROSPEROUS & HAPPY

In the world in which we live, many people want to prosper; they have been looking for much if it makes an effort, sacrificing, many people, the life itself, the body itself, to be able to manage to get rich. In other words, many people finish forgetting of that, so important all that will work, is necessary also power it is developed intellectually. In another road, trying to get rich also at any price, many people have a tendency to want to accumulate properties, material things, believing that, acting so, they will be rich. However, it is necessary to say that there is nothing that is more valuable than the wisdom. It is the wisdom that creates the prosperity. In this sense, the prosperity, when in fact reached, must be used to favor still more the development of the wisdom itself and not only or exclusively directional for the exercise and the practice of the consumption, or even for the goods accumulation. He says the wisdom: 1 - I, the wisdom, live with the care and dispose of knowledge and of advices. Accept my teaching and not the silver, and the knowledge, before which the collected gold. Because better it is the wisdom of which jewels, and of everything that wishes itself nothing it is possible to compare to her. For my intervention the kings reign. For my intervention, they govern the kings and the princes decree justice. I love those who love me; those who look for me find me. Riches and honors are with me, lasting goods and it executes. (Proverbs, 8) 2 - happy is the man that it finds a wisdom and happy is the man who acquires knowledge; because better it is the profit that she gives of what it of the silver, and better his income of what the most fine gold. More precious is she of which pearls, and everything what it is possible to want is not comparable to her. (Proverbs, 3); And more: 3 - If you will look for the wisdom as the silver and as to treasures hidden when you tried...

Then, you will understand justice, judgment and equity... The wisdom will enter in your heart and knowledge will be pleasant your soul... And the intelligence will preserve you. (Proverbs, 2) In other words, in other words, which is meant is that the wisdom always comes and must come before the prosperity; what is links the one who creates value; what does link what does so that something has value.
