

AlphaZany: A Slightly Silly Alphabet Book

This richly illustrated alphabet book is full of unexpected turns. Each letter is represented by an animal, insect, or, well, you'll be happily surprised at what you find between an alligator who loves pie and a zebra who drives a train. Consider flying buffaloes, cows who chew gum, or rabbits wearing red and white socks to get a glimpse of the zany imagination of author/illustrator Merri Roderick. The simple rhymes and brightly-colored paintings come together to form lasting images that are just plain fun! After reading this delightful book, you may never see the alphabet in quite the same way again. NOTE: This book is best viewed in full color using a Kindle Reader on a PC, an iPad, an iPod Touch or similar device.
