

Building a Culture of Hope: Enriching Schools With Optimism and Opportunity

Research demonstrates that children of poverty need more than just academic instruction to succeed. Discover a blueprint for turning low-performing schools into Cultures of Hope! The authors draw from their own experiences working with high-poverty, high-achieving schools to illustrate how to support students with an approach that considers social as well as emotional factors in education. Benefits - Understand the relevance of Maslows hierarchy of needs to K-12 education. - Discover tested strategies behind the success of high-poverty, high-achieving schools. - Access surveys that gauge the temperature of your schools culture. - Integrate the world of jobs and professional careers into academic curriculum. - Support students with tools to envision and plan for the future. - Define processes for building consensus and increasing collaboration.
