

How to Get a Japanese Girlfriend

The stories you may have heard about Japanese women falling over each other to get a foreign boyfriend are all basically true. You don't have to be rich or super handsome, but there are some things you need to know to successfully get a Japanese girlfriend. Japanese women are very different to western women. Learn some of the cultural differences and you will have women trying to pick you up. We have written a guide which explains these differences and how you can get a beautiful Japanese girl friend. The guide covers everything from getting to first base, to scoring a home run. Where and how to meet, what to talk about, how to act, how to dress and more importantly how to reach home base. Of course being in Japan helps, but we have provided information to help you find Japanese women outside of Japan. As a wise man once said, not everyone visiting Japan is interested in green tea and temples.
