

Iceland: Pure Nature: Bildband über Islands Westen und Süden (German Edition)

Island: Traumhafte Fjorde, glasklare Binneseen und einzigartige Vulkanlandschaften. Feuer und Eis unter kaskadierendem Nordlicht geographische Eindrücke von bizarrer Schönheit prägen das unverwechselbare Gesicht Europas jüngster Insel. Oliver Pinkoss neuester Bildband liefert atemberaubende Ansichten des Eilands an der Nahtstelle zweier Erdplatten, das erdgeschichtlich mitten in der Pubertät steckt und die Urgewalten der Natur wie kaum ein anderer Ort auf engstem Raum in sich vereint. Ein El Dorado für den versierten Fotografen, der die Einzigartigkeit der Landschaft nördlich des Polarkreises in eine authentischen Bildsprache übersetzt, die nicht nur die Liebhaber klassischer Naturfotografie begeistert. Ergänzt um zielgenaue GPS-Daten und Informationen zur verwendeten Kameraeinstellung liefert das Werk wertvolle Tipps für ambitionierte Fotografen und unvergessliche Eindrücke der herben Schönheit einer der beeindruckendsten Inseln des Kontinents.
